

# BARN SANCTUARY

AT BARN SANCTUARY, WE RESCUE AND REHABILITATE ABUSED AND NEGLECTED FARMED ANIMALS WHILE PROVIDING A SAFE HAVEN WHERE THEY CAN RECOVER AND THRIVE.

## Public Tours

Join a tour led by our sanctuary guides to meet all of our animal residents. Hear rescue stories, learn about different species, and their lives in the farming industry.

## Private Tours

Consider a private tour with founder Tom McKernan for a personalized visit at Barn Sanctuary. Gain insights on the residents, hear rescue stories, and get an exclusive experience.

## Group Tours

This tour is perfect for larger groups like corporate teams, extended families, and church groups. We can tailor the tour to your preferences and pair it with group volunteer activities.

## Senior Tours

Thanks to a generous grant from the Chelsea Community Foundation, we can now offer golf cart tours for groups of up to five people with mobility challenges.
