Chelsea Party Loft Celebrates One Year of Creating Unforgettable Family Memories

Chelsea, MI – April 6, 2026 – Chelsea Party Loft is officially blowing out the candle on its first year of business. Since opening its doors in the Chelsea Village Plaza (1115 S. Main Street), the venue has become a popular destination for tween and teen birthday parties, baby showers, graduations, and other milestone events in Washtenaw County.

Over the past 12 months, Chelsea Party Loft has filled a vital niche in the local community, providing a dynamic and affordable space that balances high energy with a “cool” aesthetic. The venue remains a favorite for its modern amenities, including:

- Professional sound and lighting system for a high-energy dance party experience.
- 360° Video Booth and greenery wall for the perfect Instagram/TikTok content.
- Dedicated VIP lounge and prep kitchen for stress-free hosting.

Chelsea Party Loft was founded by Greg Gattuso, a local parent and former PTO president, who recognized that a generation of older kids, between 10 and 16, were aging out of traditional party venues like indoor gyms, trampoline parks and bowling alleys.

“This first year has exceeded our expectations,” said Gattuso. “We’ve seen firsthand that there was a sizable appetite for a space that treats tweens and teens like the young adults they are becoming. Seeing the kids truly own this space over the last year has been incredible.”

In addition to youth celebrations, Chelsea Party Loft has expanded its reach by hosting baby showers, bridal showers, and public events such as line dancing classes and a Taylor Swift album release party. In November 2025, the venue’s impact was solidified when it was voted “**Best Place for an Indoor Birthday Bash**” by the readers of *AnnArborFamily.com*.

“We set out to provide value for parents who face the daunting task of impressing hard-to-please teens,” Gattuso added. “One year later, we’ve hosted birthday parties for guests aged 9 to 90. We’ve helped create memories that will last a lifetime, and we’re just getting started.”

Gattuso also expressed his gratitude to the Chelsea Area Chamber of Commerce, Destination Ann Arbor, Michigan SBDC, Washtenaw Community College Entrepreneurship Center, and the local business community for their support and encouragement.
